LDPE TUBING CLIP, STRIP, HOLDER

Nylon terminal block applicable in various sectors for fixing rubber, RILSAN, nylon pipes.

FEATURES

LDPE terminal block applicable in various sectors for fixing **rubber, RILSAN and nylon pipes**. They are produced in sticks of 10 pieces up to Ø 12 and in sticks of 8 pieces for Ø 15. They are easily detachable from each other and have a 3.9 mm hole to allow application to the relative supports by means of a self-tapping screw. The pipe or cable is pressed into the terminal block seat, where it remains blocked, thus making the disassembly and replacement operation remarkably fast. Our terminal blocks are a **valid alternative to heat-sealed and sheathed multitubes** to organize your system.

SECTORS

INDUSTRIAL FOOD AUTOMOTIVE
