PROTECTION CAPS

Mebra has plastic caps available to be used as protection in the ends of double and triple layer inguaiant tubes.

FEATURES

The plastic tube **protection caps** are perfect for protecting the ends of double and triple layer inguaiant tubes which, being formed by **layers of different materials**, may need **additional protection in the ends where the tube is uncovered. and exposed to abrasions.** We have various types of plastic caps available in packs of 10 and 20 pieces with measures ranging from covering tubes with an external diameter of 8,10,12 and 14 mm.

SECTORS

AUTOMOTIVE **INDUSTRIAL**
